KEY BENEFITS SUBJECT TO AN OVERALL POLICY LIMIT (OPL)

An OPL of R 173 000 per person per year applies to the following benefits. This means that all approved claim amounts will get deducted off the OPL.

GAP COVER

Going into hospital for a knee replacement, or having a scope done in the specialist's rooms?

Gap Cover kicks in when your doctor or specialist charges more than the amount your medical aid pays for in- and out-of-hospital medical procedures, as long as it's paid from a hospital or risk benefit.

We add an additional 300% cover on top of what your medical aid plan gives to cover shortfalls for:

- medical procedures performed by your doctor and specialist;
- basic radiology, like black and white x-rays;
- specialised radiology, like MRI and CT scans;
- consumable items, like surgical gloves;
- dental procedures, like wisdom teeth extractions, limited to R 6 000 per policy per year;
- dental procedures due to accidents or cancer treatment, limited to R 8 000 per policy per year;
- medication administered during your medical event;
- pathology;
- physiotherapy; and
- Prescribed Minimum Benefit (PMB) medical procedures.

Don't forget... your medical aid must make payment from a hospital or risk benefit, and not from a day-to-day benefit or your medical savings account.

CO-PAYMENT COVER

Have you ever had to go for a medical procedure, like wisdom teeth extractions or an elective caesarean, and were asked by your medical aid to pay some money upfront? This is called a co-payment or deductible.

We refund in- and out-of-hospital co-payments or deductibles of any amount or percentage.

ADMISSION AND PROCEDURE CO-PAYMENTS

Claim as many times as you need for admission and procedure related co-payments, as long as it doesn't exceed the benefit limit of R 15 000 per policy per year.

If you claim for the below co-payment, a benefit limit will apply:

PENALTY CO-PAYMENT

Sometimes, medical aids have a preferred network of hospitals or day clinics that they want their members to use for planned medical procedures.

If you prefer different bedsheets, or a certain specialist for your procedure who doesn't operate at the network hospital or day clinic, you can choose to go elsewhere.

Limited to 1 co-payment of up to R 5 000 per policy per year.

We don't refund any payments that your doctor or specialist asks you to pay to them directly.

SUB-LIMIT COVER

Your medical aid plan might give unlimited benefits for procedures done in hospital but certain medical services or items might be limited, like internal prosthetic devices. This is called a sub-limit or annual limit.

We'll cover the shortfalls as long as your medical aid pays some of the cost from a sub-limit or annual limit:

INTERNAL PROSTHETIC DEVICES

Limited to R 20 000 per person per event.

We cover any internal prosthetic device that's implanted into your body to replace a body part, like a hip joint, or improve a lost or reduced bodily function, like a cardiac pacemaker.

We don't cover external devices. If it's not in your body, it's not covered.

MRI & CT SCANS

Limited to R 3 000 per person per event.

CANCER COVER

CANCER TREATMENT SHORTFALLS

We cover the difference between what your healthcare providers charge and the amount your medical aid pays from an oncology benefit for healthcare services related to cancer treatment.

The shortfalls that we'll cover will typically be for the healthcare and service providers that your medical aid approved as part of an oncology treatment plan, like:

- specialists' consultations;
- specialised radiology, like MRI, CT and PET scans;
- biological medication; and
- chemotherapy.

If your medical aid plan gives a benefit limit for cancer treatment, and you're charged co-payments when the benefit limit is reached, we'll refund those co-payments too.

TOP-UP COVER

When your medical aid plan's benefit limit is reached and you're responsible to pay the cost from your own pocket, we'll cover:

CANCER TREATMENT TOP-UP

The cost of your treatment according to the cancer treatment plan that your medical aid approved, limited to R 60 000 per person per year.

We'll cover everything that your medical aid covered... from the treatment you received to the facility you went to for treatment. This means you can't claim for something that wasn't initially approved by your medical aid.

CASUALTY COVER

ACCIDENT COVER

For the whole family

For **immediate** medical treatment due to an **accident** you can go to your nearest **medical facility**.

ACCIDENTS are unexpected incidents that cause physical injury due to physical impact with someone or something.

IMMEDIATE means within 24-hours from the time of the incident.

What do we cover? Everything related to your casualty event, like:

- co-payments and facility fees;
- doctors' consultation fees;
- basic radiology, specialised radiology and pathology;
- medication administered during your casualty event; and
- external medical items that's given to you at the medical facility, like a neck brace.

Need a follow-up visit to a medical facility after an accidental event to have stitches or a cast removed? We'll refund that too.

ILLNESS COVER

Only for children younger than 8 years of age

If your child who's **younger than 8** gets sick **after-hours**, we'll cover the cost of a visit to a **casualty facility** and all the healthcare providers' accounts related to the visit.

WHEN IS AFTER-HOURS? Mondays to Fridays between 18:00pm and 07:00am and all-day Saturdays, Sundays and public holidays.

We'll refund the amount that you pay from your **own pocket** or that your medical aid pays from a **day-to-day benefit** or your **medical savings account**.

Casualty Cover is limited to **R 6 000 per policy per year**.

TRAUMA COUNSELLING COVER

Sometimes you just need to talk to someone about it.

If you've:

- witnessed, or are directly affected by an act of physical violence or an accident;
- received news of a loved one's, or of your own diagnosis of a critical illness; or
- mourn the death of a loved one,

we'll refund the registered counsellor's consultation fees that you pay from your **own pocket**, or that your medical aid pays from a **day-to-day benefit** or your **medical savings account**, limited to **R 5 000 per policy per year**.
